

WIRES are the **WAY TO GO!**

In our attempt to protect the interests of all parties & ensure the integrity of the transaction, we request **all closing funds** be delivered to the title company via **wires**.

NOTICE: Parties that provide closing funds by cashier's checks are hereby notified that the validity of these checks is required to be verified by the "drawn on bank". Choosing this option could delay funding as financial institutions may require up to 48 hours or more before verification can be made.
